

SUNDAY SCHOOL

Young people up to the age of twenty are warmly invited to join our other students for an hour on Sunday mornings at 10 in our Sunday School auditorium.

Sunday School helps young people to discover more of their relationship to God and His loving care for them and for all His creation.

All children of this community and visitors from other areas are lovingly encouraged to take part in this joyous activity!

Classes are grouped by the children's school grade level, with a qualified teacher for each class. The program consists of singing hymns, short readings from the current Christian Science Quarterly Bible Lesson, and the Lord's Prayer. Classes then meet at separate tables for the balance of the hour. Here they learn

more about the Bible, the life and healings of Christ Jesus, and how to apply to their everyday experience the teachings of Christian Science.

Please telephone our Church Clerk with any questions you may have. (831) 475-6177
